

**2PC SET SOLAR SPOT LIGHTS
ITEM No. 574411
CARE AND USE INSTRUCTIONS**

PARTS LIST

Please do not throw away any packing material until all parts are verified as present. Please check for ground stakes and poles on all sides of packing materials.

PART #	PART DESCRIPTION	QUANTITY
3147JP1HD	 Spot Light	2
3147JP2GS	 Stake B	2
3147JP3GS	 Extension Wire for Remote Solar Panel	2
	Lithium rechargeable batteries (pre-installed)	2 x AA 3.2V 600mAh

INSTALLATION

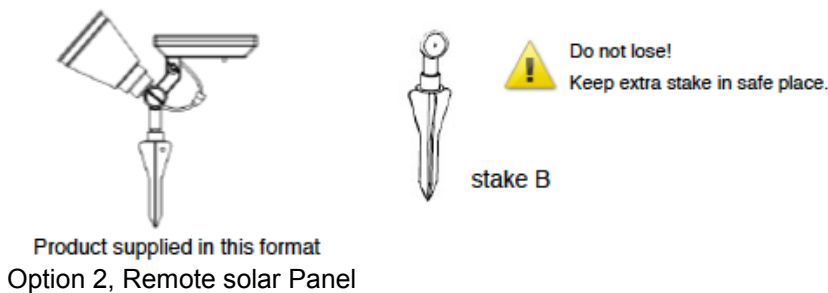

PICK YOUR LOCATION

Solar products should be positioned where direct sunlight can be absorbed onto the face of the solar panel for as many hours as possible throughout the day. Shadows cast by homes, trees and structures will restrict the charging and effect the total hours of operation of the lights.

ASSEMBLY

Please do not throw away any packing material until all parts are verified as present. Please check for ground stakes and poles on all sides of packing material

Option 1, Detachable solar Panel

Option 2, Remote solar Panel
